

AMENDMENTS NEARLY SINK SHIPPING BILL

Thirty-Seven Shots are Fired and Six Hit Vital Spots

(By The Associated Press)
WASHINGTON, Nov. 27.—Thirty seven shots in the shape of amendments were fired at the administration shipping bill in the house today and six hit vital spots.

Adjournment time tonight the bill had covered exactly one third of its tempestuous voyage toward the senate. Representative Graham of Illinois, a Republican, went home with three of the half dozen amendments in his shooting bag, all of which were put thru with the aid of Republican votes. Early in the fight, Representative Edmonds, Pennsylvania ranking Republican of the merchant marine committee formally announced that the section under which the Standard Oil company for example, would share in the government subsidy for transporting its own goods in its own ships, would be stricken out bodily.

This in the view of western Republicans, added to its chance of passage.

Rated as the most important amendment to stand up was the Graham proposal which cut out of the bill the provision under which shippers, sending their goods abroad in American vessels would receive a five percent income tax rebate which in some instances it was charged in the house would have enabled some shippers to escape all payments. It was adopted by a vote of 56 to 47, after it had been characterized by Mr. Graham as "clever and extremely dangerous."

Representative Oiler, Democrat, presented an amendment acceptance of which virtually fixed an upset price for the sale of the Steamship Leviathan, the biggest of the government fleet. This provided that the Leviathan, now being reconditioned, should not be sold at a price less than the cost of reconconditioning. Precise figures obtained tonight from the appropriations committee showed that this cost was \$3,166,000. First declared defeated, the Oiler proposal won 81 to 78 by a man to man count as members marched down the aisle.

Graham First Attack

First to attack the bill, Mr. Graham put forward an amendment to strike a section permitting the shipping board to sell ships without advertisement of competitive bids. Declaring that the worst scandal in the government reached into the sale of vast surplus stocks by negotiated sale, Mr. Graham called upon Republicans to throw the section out.

The other Graham amendment increased the rate of interest on unpaid balances for ships bought from the government from not less than four and one-quarter per cent.

An amendment by Representative Blanton, Democrat, Texas, providing that no government employee should be interested financially in the purchase of government ships was passed with little opposition.

By many offered, Representative Davis, Tennessee, Democratic member of the merchant marine committee got thru an amendment providing that prospective ship contractors, borrowing from the shipping board revolving fund should pay not less than four and one-quarter per cent interest instead of two per cent, as stipulated in the bill.

Representative Dickinson, Republican, Iowa, one of the far left leaders failed in his effort to have farmers exporting products put on all four with shippers receiving an income tax rebate. His amendment was offered to the income tax rebate section which was voted out later.

The provision stipulating that one-half of the total number of immigrants admitted to the United States should be brought over in American ships was attacked, but it remained unchanged.

DENIAL IS MADE BY LAFOLLETTE OF ALLEGED REPORTS

Statement of Phone Talk With Governor Hunt Misleading

(By The Associated Press)
WASHINGTON, Nov. 27.—Senator LaFollette, Republican, Wisconsin, declared in a statement tonight that reports emanating from Phoenix, Ariz., concerning a telephone conversation with Governor Hunt were "absolutely without foundation in fact" and "misleading in every detail."

"He had made no mention of 'a third political party' in his conversation with the governor, Mr. LaFollette said.

"My attention has been called to a despatch in which I am quoted as having stated in a telephone conversation with Governor Hunt of Arizona that 'the people had spoken twice to the majority parties and if they had to speak again it would be to welcome a third party,'" Mr. LaFollette said.

"In my telephone conversation with Governor Hunt, I made no reference to a third party, but on the contrary, was particular to emphasize the fact that the conference to be held on Dec. 1 and 2 to which Governor Hunt had been invited, is called solely to consider a program of progressive legislation, both state and national. I stated that both Democratic and Republican governors, Senators and Representatives were invited to the conference.

"I told Governor Hunt what I had said in every interview given to the press and in the letters of invitation which had been sent out over my signature, namely, that the conference on Friday and Saturday of this week will be absolutely non-political and bi-partisan in character. I emphasized to him that these conferences had been called for the single purpose of discussing progressive legislation and promoting cooperation among the progressives in Chicago to the end that the recent progressive victories won in both parties might be translated into effective legislation."

SEVEN CONVICTS APPREHENDED BY OFFICERS MONDAY

Six of Those Who Escaped From State Prison are at Large

(By The Associated Press)
MARQUETTE, Mich., Nov. 27.—Seven of the thirteen convicts who escaped from the state prison here Sunday were captured tonight according to prison officials directing the search. Three of the convicts were found hiding in an abandoned brewery four miles from the prison and four were trapped in the hold of a tug beached at Portage Lake.

State police picked up the trail late today that led to the apprehension of the four men found in the tug at Portage Lake. A report that an automobile had been stolen and wrecked near Lake Anse, started the pursuit. Before the state officers reached the machine which had struck a bridge approach and been disabled, the occupants had fled into woods in the direction of Houghton.

Authorities of that city were notified and formed a posse that completely surrounded the city which the convicts already had reached.

Another stolen automobile report led the officers to Portage Lake and a search revealed the men, unnamed, hiding in the old vessel. They surrendered without resistance. This group included two of the convicts classed by prison authorities as the most desperate of the fugitives—Eddie Weisman of Detroit, and Dave Galinski—both serving life terms for murder.

The other group is believed to have hidden in the abandoned brewery Sunday night to await an opportune time for flight into the north woods. These men were located by prison guards. They were Jack Lee, Harry Briggs and Leo Branden, all of Detroit, and sentenced to long terms for robbery.

Tonight's captures leave six of the fugitives at large, two having been taken shortly after the escape was discovered Sunday night.

U.S. SUPREME COURT MAKES IMPORTANT DECISION MONDAY

May Tax Products Produced Within Their Borders

(By The Associated Press)
WASHINGTON, Nov. 27.—States may impose a tax upon products within their borders before such products enter interstate commerce, even though the states are large consumers of such products and do not produce them, the supreme court held today. The decision was handed down in a case challenging the constitutionality of the tax imposed by Pennsylvania upon anthracite coal and was given by Justice McKenna, no dissents being noted.

The importance of the decision was emphasized by New York, New Jersey, Delaware and the New England states, denouncing the tax as giving Pennsylvania a monopoly and as levying a tribute upon those states which do not produce but must have anthracite as fuel.

Two questions were presented, one whether Pennsylvania in taxing anthracite and not bituminous coal had not illegally discriminated its classification and the other whether it was not a tax upon interstate commerce.

It was contended by those opposing the tax, that if sustained by the supreme court, wheat and corn producing states could tax such grains, the southern states cotton and manufacturing states could impose a tax on manufactured products. The tax in question while comparatively a new method among states for raising revenue apparently is growing in popularity and there is now pending in the supreme court a case involving an attack upon tax imposed by Minnesota upon iron ore mined within its borders.

The Pennsylvania case was brought by Roland C. Heiser against the Thomas Colliery company and others and officers of the state. The law attacked was passed in 1921 and sustained by the state courts after two laws, previously passed and substantially the same in all essential features had been declared by those courts unconstitutional.

Can Exempt Certain Property.

Regarding the contention that anthracite and bituminous coal are fuels and necessarily therefore must be associated in the same class for taxation, and that not to so associate them was arbitrary and unreasonable, creating inequality which rendered the tax invalid, Justice McKenna declared "It is competent for a state to exempt certain kinds of property and tax others, the restraint upon it only being against 'clear and hostile discrimination' against particular persons and classes." Discriminations merely are not prohibited, for it was recognized that there are "discriminations which the best interests of society require."

The differences between anthracite and bituminous coal, the court found to be so great as to be a just basis for their different classifications.

Whether any state law or action upon interstate commerce, Justice McKenna, declared, depend upon law of action and not upon what may be said as to the motive for it.

"A tax upon articles in one state that are destined for use in another state," he said, "cannot be called a regulation of interstate commerce, whether imposed in the certainty of a return from a monopoly existing or in the doubt and chances because of competition."

Clemenceau is Again Attacked

(By The Associated Press)
WASHINGTON, Nov. 27.—The tiger of France again came under fire in the senate today when his utterances on his tour of the United States were the subject of a conflicting debate which was enlivened by an interruption from the galleries by a negro soldier.

Senator Hitchcock, Democrat, Nebraska, former chairman of the foreign relations committee, led off with an attack on M. Clemenceau and of French policies and was joined in the criticism by other senators, while Senator Meyers, Democrat, Montana, came to the statesman's defense.

Senator Curtis, Republican, Kansas, and Hitchcock, expressed the belief that the negro had acted through ignorance, and no action was taken.

Senator Hitchcock especially criticized the statements of M. Clemenceau in reference to the quartering of French "black troops," declaring the former premier's denials of the use of these troops had been disproved.

Replying particularly to M. Clemenceau's statement that no black troops remained in Germany he personated figures to show that 23,000 black colonialists were in Germany last month. Mr. Hitchcock also said the reparations demands upon Germany were "impossible."

Senator Meyers declared he resented having M. Clemenceau "rebuked" and "assailed" and added that he was in complete agreement with M. Clemenceau's argument that America erred in not joining the league of nations.

lip, Democrat, Alabama, incensed at what he termed was an "insult" to the senate, demanded the man's expulsion. There had been discrimination, the senator shouted, declaring that white women had been ejected from the galleries of both the senate and house for interrupting debate while this time the disturber was permitted to remain.

RUSSIANS CITE U.S. ATTITUDE IN SUPPORT OF CLAIM

Ask Right of Speech on All Matters in Conference

(By The Associated Press)
LAUSANNE, Nov. 27.—America's insistence for the open door and equality economically in the near east which follows her traditional demand for equal commercial privileges in the far east was cited today by the Russian delegation as supporting an official communication forwarded by the Russian delegation to the conference asking for the right of free speech on all matters before that body.

Russia objects vigorously to any attempt to limit her activities in the discussion of the future status of the Dardanelles; she claims that all topics on the Lausanne agenda are closely related to the supreme object of freedom of the straits and that stable peace in the Near East can be attained only by allowing the Russian delegates free participation on the same basis as the other great powers.

In their official petition the Russians affirm that only by following the principle of equality can the conference hope to reach the goal of greater equality in the relations between nations.

Secretary Hughes' pronouncement of the open door in the Near East, as presented and amplified by Ambassador Child promises to produce the same stir in Europe as did the declaration of Secretary Hay Concerning the open door in the far east. Such is the impression radiating from the diplomats in Lausanne.

England, thru Lord Curzon, is understood to have ratified it completely and the French spokesmen have expressed approval of the American stand.

Speaking of the disputed Mosul Oil area a Turkish delegate announced that Turkey would claim sovereignty over this rich petroleum district and would distribute concessions on a basis of equality, probably favoring the United States, because the United States has no political designs in Turkey.

SECRETARY WALLACE NOT READY TO GIVE CONSENT TO MERGER

Attitude is Indicated After Conference at White House

(By The Associated Press)
WASHINGTON, Nov. 27.—Secretary Wallace is not ready to give his consent to the proposed merger of two of the Chicago "big five" meat packers thru the purchase of Morris & Co., it was indicated today after a second white conference on the subject. Besides the president and Mr. Wallace, Attorney General Daugherty and Solicitor General Williams of the Agriculture department were present at the conference.

It is understood that Mr. Wallace wants additional information. He has had before him for some days a report on the subject of experts of his department having to do with the enticement of the packers and stock yards condition act but since it was submitted it is known that much new data has been collected for and that part of it had been received.

Attorney General Daugherty who was called in today's conference presumably for an opinion as to the application to the question of the Sherman and Clayton anti-trust acts, is known to hold the view that a merger of two large business concerns of itself is not necessarily a violation of those statutes, that whether these laws were to be invoked would depend upon the conduct of the business subsequent to the consolidation.

CHICAGO EXTENDS ROUSING WELCOME TO WAR PREMIER

Clemenceau Greeted By Great Crowds in Windy City

(By The Associated Press)
CHICAGO, Nov. 27.—Georges Clemenceau, "tiger" of France, was welcomed to Chicago this afternoon by General John J. Pershing, General Charles G. Dawes, General Jacob Dickinson, former secretary of war and a host of notables.

After a ceremonial call at the office of Mayor Thompson the former premier went to the home of Mr. and Mrs. Potter Palmer, whose guest he will be during his two day visit.

Thousands of cheering Chicagoans lined the route from the Michigan Central railroad depot to the Palmer House on Lake Shore Drive.

Led by a troop of cavalry the "tiger" seated beside General Pershing, was escorted to the City Hall.

As the procession passed, the Board of Trade corner and turned into the canyon of LaSalle street miles of fluttering ticker tape cascaded from the windows of scores of financial offices.

At the city hall the mayor and city officials received M. Clemenceau and his escort in his private office. After an exchange of greetings and introductions the "tiger" posed with General Pershing and the mayor for a newspaper picture.

M. Clemenceau will rest at the Palmer House tonight. No plans have been made for tomorrow morning, but tomorrow afternoon at 4 o'clock he will address an audience at the Auditorium.

Clemenceau, who had visited the struggling little midwestern town as a young man more than half a century ago found that it, like himself, had grown to great stature and international fame.

He dubbed America's second city his "twins."

"I was born in the year that you were born," he said. "We are twins, yes."

A huge crowd was massed about City Hall and the police were obliged to smash a passage way thru for the visitor. Escorted to Mayor Thompson's office the mayor introduced him to the cabinet members as "our beloved guest."

"I am very proud to welcome you to our city," the mayor said. "Thank you," Clemenceau answered.

"I am sorry, we have no sunshine for you," the mayor added, with a gesture to the murky weather outside.

"Isn't it at your disposal?" demanded the tiger.

"I suppose they will blame me for it—they blame me for everything," the mayor said.

"We have plenty of moonshine, but not much sunshine," put in General Dickinson.

The party remained in Mayor Thompson's office only a few minutes. As the cavalcade passed thru dense crowds, up Randolph street to Michigan boulevard and out the boulevard to Lake Shore Drive, moving picture men with glaring minute flares and still camera men with huge charges of flashlight powder added color to the drive. Then a battery of 75's in Grant Park thundered a salute.

When he had been greeted by Mrs. Potter Palmer, Clemenceau granted the army newspaper writers who had trailed him, a five minute interview. Told that Senator Hitchcock today had challenged his Boston statement that all black troops had been withdrawn from the Rhine, he replied curtly that the information he had given in Boston was "official."

Yea, He loved the people; all His saints are in Thy hand; and they sat down at Thy feet; everyone shall receive of Thy word.—Deuteronomy 33:3.
He's true to God who's true to man; wherever wrong is done To the humblest and the weakest, That wrong is also done to **U**; and they are slaves most base, Whose love of right is for themselves, and not for all their race. —Anonymus.

The record for the National Bureau for the Advancement of Music, shows that now there are 661 cities and towns that engage in the good old custom of singing outdoor Christmas carols. Jacksonville is in the list and has observed this custom for a long period of years.
Now it appears that mine operators have told the miners' leaders that they will agree to any plan for arriving at a new wage agreement that the miners propose. This is a very significant statement when it is remembered that there were several months of shut down last year over this inability to agree upon any plan for negotiating the scale.
It is easy enough to agree if one party says to the other, "You can have whatever you want." Again it's a case where some friend of the public should be taking note.

B. C. Forbes is a financial authority quite often quoted. Mr. Forbes has recently put a fly in the ointment by the suggestion that business in recent months has gone thru a period of inflation and that quieter instead of busier days are ahead for 1923.
When asked about the stock market recently Mr. Forbes said: "Well, I duck that question." The sentence seems to be indicative of his feelings. However, it is well to note that Mr. Babson and some other authorities take a more hopeful view.
In Hungary just now there is an active demand for American automobiles, as that country has not been able to secure all needed cars from its customary sources. That is the condition in Hungary, and over across the boundary in Austria the government is about bankrupt and the people starving. Certainly there is something wrong with conditions over there.
Anyhow the supreme court is coming very near to a desirable neutrality on the constitution question. Three or four of the seven judges are for the constitution and three of them are opposed to it or at least not favorably enough impressed to take an affirmative stand.
Lawyers and the New Constitution
Chicago Tribune: Advanced sheets of the December number of the Illinois Law Review made public yesterday, contained a wealth of contributions concerning the constitution.
Dean John H. Wigmore of the Northwestern University Law School was the author of a brief article contending that the new draft is an advance of "fifty years at one stride." Nathan William MacChesney, in an article of similar length, argued that a comparison of the present and proposed constitution leaves no doubt that "the best interests of Illinois will be served by adopting the constitution of 1922."
At greater length Herbert Harley championed the judiciary article of the new draft and Elmer M. Leeman contended that the revenue article offers a satisfactory solution of the tax problem. Considerable space also was devoted to publication of answers to a questionnaire sent out to about 100 lawyers. Of twenty-nine answers published all but two favored ratification. The two negatives came from former Gov. E. F. Dunne and Wayne H. Dyer of Kankakee. Replies in favor of ratification came from W. T. Alden, Edwin M. Ashcraft, Howard P. Castle, Albert A. Early of Rockford, Mitchell D. Follansbee, Hiram T. Gilbert, Frank J. Loesch, Former Gov. Frank O. Lowden, Catherine Waugh McCulloch, George P. Merriek, and others.

BERTON BRALEY'S DAILY POEM
Speaking of Altitude
By Berton Braley
(American women have revolted against long skirts.—NEA)
WE knew they'd be shorter Before very long. The fashion reporter, We figured, was wrong. Who said we'd be peeping No longer at knees, That skirts would be sweeping The streets, if you please.
IT may be in Paris, Where fashions are made, That shop girl and heiress Alike will parade. In skirts that are flowing, Whose draperies fall So far that they're showing No ankles at all.
BUT modes that check freedom Don't get over, now. Our women won't heed 'em And most of 'em vow Long skirts are a phony French costumers' trick. To hide ankles bony, Or clumsy and thick.
BUT most of our women Have limbs that appear Delightfully trim in Silk hosiery sheer; Long skirts? They can't bear 'em. For work or for sport, Though Paris may wear 'em, We're cutting 'em short.

METHODIST COLLEGE DRIVE COMING SOON
Million and a Half to Be Raised for Illinois Schools—Plans Nearing Completion.
A drive for \$1,500,000 is soon to be made by workers of the Bi-Conference Movement of the Methodist church for the benefit of the church in Illinois, according to a statement Monday by President J. R. Harker of Illinois Woman's College.
The campaign will be directed by Dr. J. W. Hancher, head of the department of finance of the Methodist Episcopal church of America, who has just completed a campaign in Pennsylvania and New Jersey which netted \$1,000,000 for Dickinson college and Pennington seminary. He will be occupied until February with a drive for Albion college in Michigan for a sum equal to that of the Illinois campaign.
Plans include an intensive campaign thru the state churches of Methodism, and it is planned to finish the work by July 1, 1923. Dr. Harker has just finished a trip to Chicago and Bloomington in the interest of campaign plans. Enroute he stopped at Champaign to be present at a meeting of 70 former students of Illinois Woman's college.

'A Stage Romance'
Any reference to the old romantic days of the famous Drury Lane Theatre, in London, is sufficient to set the blood of the true dramatic student tingling. In its heyday it was the birthplace of scores of sweeping successes, and across its boards strutted young players whose names later were added to the roll of the stage's great artists and geniuses. Of these none is more illustrious than the name of Edmund Kean, for history depicts no character whose life combined such startling contrasts of success and failure; such idolizing worship and tragic degradation.
Drury Lane Theatre, duplicated faithfully to the last detail, is pictured in "A Stage Romance," with the beloved actor William Farnum personating Edmund Kean. It is said that Farnum has made a tremendous hit by his impersonation of that noted actor. The incident for which the Drury Lane playhouse was duplicated has been pronounced by Herbert Brenon, Farnum's eminent director, to be one of the finest dramatic surprises he ever encountered for use in a picture.

Literberry, Nov. 27.—The Literberry Mission circle met on Friday at Chestnut Hill Farm with Mrs. W. W. Daniels. After the usual devotionals and business, the report of the Reading Contest chairman was given as follows:

Among the eleven members, there are now 15 books being read, each member having her own leaflet with names of books, and keeping her own report. So interested are they in this foreign and home mission reading, that the books are kept going from one member to another, and at present only one book is in the library. Refreshments consisted of ham sandwiches, scalloped oysters, fruit salad, angel food cake, Bavarian cream and good coffee with all the trimmings, all of which were in abundance and

VIOLIN AND PIANO RECITAL AT I. W. C.

Misses Horsbrough and Sapio In Well Chosen Program Please Large Audience.

Miss Beatrice Horsbrough and Miss Olga Sapio of the faculty of the college of music made their third joint appearance in Music Hall last evening.

The excellent accounts, they have given of their attainments in previous appearances paved the way for an enthusiastic reception by a large house for this particular program.

Miss Sapio opened the program with the lovely "Farewell Sonata," by Beethoven. This is one of the most grateful to play of the pianoforte sonatas. In it Beethoven himself has proscribed sub titles which at once prepare the listener for the mood expressed. Under the deft fingers of Miss Sapio the sonata received an interpretation that pleased the audience exceedingly.

The mixed group played later on the program by the pianist belonged to more modern times, forming a fine "inset" to the general program.

Miss Sapio added to her solo numbers "Moonlight" by Debussy.

To Miss Sapio also came the duty of playing the piano parts for Miss Horsbrough and this duty she performed ably; her work as an accompanist offers much that is fine in this line of work.

For the first violin number Miss Horsbrough presented the first movement of Mendelssohn's one violin concerto. Attempted by all violinists, played acceptably by a few, and played well by the exceptional violinist, the numbers may well be shunned unless the player has exceptional qualifications. When it is stated that Miss Horsbrough's playing of this difficult number aroused enthusiasm, surely her work is praised. Her big and beautiful tone, her sure fingers and her delicate bowing combined here as through the program to show her a player of marked ability.

The group of Scandinavian and Russian numbers called forth such applause that an extra number was added.

The Grieg ensemble number that closed the program was a fitting climax to a fine program. The rhythms, rugged harmonies, and crashing discords of the great Norwegian never grow old and the whole effect is on a kladoscopic grandeur.

Again the public is indebted to these two young women for an evening that will long live in the memories of those who were so fortunate as to be present.

The program follows:
1. Piano—Sonata, Op. 81 Beethoven (The farewell, The absence and return)

2. Violin—First Movement from Concerto Mendelssohn

3. Piano—The Fairy's Epilogue Korngold
Serenade Slinding
Craconviene Fantaisie Paderewski

4. Violin—Elegie Erkki Melartin
Berceuse Cesar Cui
Norwegian Dance Halvorsen

5. Violin and Piano—Sonata in C Minor Grieg
Allegro Appassionato
Allegretto alla Romanza
Allegro Animato.

Instant Quaker Oats

Cooks to perfection in 3 to 5 minutes

Now Quaker Oats offer two great advantages over any other oats you can buy. First, a matchless flavor. They are flaked from queen grains only, so their flavor has won the world.

And now a quick-cooking style, perfected by our experts. It cooks in 3 to 5 minutes. It is the quick-cooking oats in the world.

Made of the same queen grains, but the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

Your grocer has both styles. If you want Instant Quaker look for "Instant" on the label. You will get the quickest-cooking oats in the world.

M'MILLEN HEADS ILLINOIS 1923 TEAM

(By The Associated Press)
CHAMPAIGN, Ill., Nov. 27.—James McMillen of Grey Lake, Ill., star guard on this year's University of Illinois football team tonight was elected captain of the 1923 team at a dinner given to members of the team by the Champaign Rotary club.

McMillen, the player whom Coach Yost of Michigan declared to be the best guard in the big ten conference, weighs 200 pounds. He was letter man in 1921. Last year he also won the western conference title in heavyweight wrestling.

In a plea for enforcement of the rules against professional players participating in collegiate contests, George A. Huff, director of Athletics declared that "the rules are made and we are going to do the big thing and obey them."

"I have always been for absolute rule enforcement and again we appeal to others for the same backing," he said. "We do not ask a student not to play professional anything but when we do we ask him not to play with Illinois. Some need money and they may choose whether they will play for money or with Illinois. The men of this year will always refuse and we hope no others will."

Coach Zuppke in a speech declared that McMillen was the best player he has had in years.

CAMP AIGN OF CHURCH WAS GREAT SUCCESS

In One Day Campaign Northminster Church Raises Large Sum Above that Needed for Paving Work.

A total of \$2,081 in cash contributions was the result of the one day campaign at Northminster church Sunday, to raise the fund necessary to pay for paving work adjacent to the church property. The result was beyond the expectations of the pastor, Rev. W. E. Spoons, or of any of the members, and is of course a source of great gratification to all.

It had been announced some weeks ago that only cash contributions would be received and the result was that all the money contributed Sunday was in cash. The total paving expense is \$1,450 and a saving of \$400 is possible by the payment of cash at this time. The amount in excess of the paving expense will be turned over to the church treasurer and will go toward paying the running expenses of the church.

The affair was a miscellaneous rush and Mr. and Mrs. Wright were the recipients of a large number of handsome gifts. The evening hours were very enjoyably spent with music and conversation and at a late hour a delicious supper was served. The Strawn home was attractively decorated with chrysanthemums and other fall flowers. In the dining room where supper was served there was a pretty color scheme of blue, yellow and white. This was carried out by the artistic use of yellow and white chrysanthemums and blue candles on the table.

CAMPAIGN OF CHURCH WAS GREAT SUCCESS

In One Day Campaign Northminster Church Raises Large Sum Above that Needed for Paving Work.

A total of \$2,081 in cash contributions was the result of the one day campaign at Northminster church Sunday, to raise the fund necessary to pay for paving work adjacent to the church property. No one who takes Olive Tablets is ever cursed with a "dark brown tinge," bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. DEDICATORY SERVICE FOR CENTRAL ORGAN

With pews and balcony crowded with members and friends of Central Christian church, the new organ of the church was dedicated to the worship of God. The program was unusual in order, the anthems being the only introductory music and hymns being used in connection with the sermon.

"The History of Music" was the topic chosen for the occasion by Rev. M. L. Pontius, and after tracing briefly the beginnings of music and its progress down the ages, the pastor brought out the point that only the music of Christian nations is hopeful and cheering in its character. Then turning to church music, he lauded the spirit that has conquered the prejudice against musical instruments in the church and has perfected instrumental features for the betterment of worship. The composers of hymns and the Christian poets, whose words have echoed through years of worship, were praised by the minister.

Following the discussion of church music, the minister offered a dedicatory prayer, during which Miss Alice Mathis, organist, played "Nearer My God to Thee" softly with chimes. This hymn and one other were sung by the quartet, Miss Josephine Conboy, Mrs. Elmer Ellis, Edgerton Drummond and Robert Shoemaker, and two of the traditional hymns of the church were sung by the congregation.

I. C. STUDENTS HEAR TALK ON CONSTITUTION

Address on Proposed New Constitution For State Given By State's Attorney Robinson Monday Morning at I. C. Chapel Exercises.

At the chapel exercises at Illinois College Monday morning the students heard an interesting discussion of the proposed new constitution for the state, given by State's Attorney Carl E. Robinson.

Mr. Robinson explained various features of the constitution, prefacing his talk with a brief history of the three constitutions which the state has had. He emphasized the point that the delegates to the constitutional convention were neither self-appointed or chosen with a view to favoring special interests, as has sometimes been charged.

He classed as wise the provision in the proposed constitution which gives to the supreme court the right to make its own rules, rather than depending upon the legislature for these rules. The abolishment of the fee system to pay constables and justices of the peace was also pointed out as a commendable provision.

The speaker called attention to the section which limits representation of Cook county in the legislature, declaring that unless some such provision is made Chicago will in time control the entire state. Mr. Robinson declared that this limitation provision is by no means without precedent, as Florida, Massachusetts, New York, Pennsylvania, Rhode Island and Delaware have already taken action to limit the power of larger cities.

REGULAR MEETING OF CITY COUNCIL HELD

Only Routine Business Transacted—Early Adjournment Taken

Only routine business was transacted at the regular meeting of the city council Monday evening. One of the matters considered was the letting of a contract for removal of garbage for the coming year.

After considerable discussion the city clerk was ordered to advertise for bids to be in December 11th.

Roll call showed the following members present: Mayor Crabtree, City Clerk Scott, and Aldermen Chapin, Harmon, Loneragan, McGinnis, Sorrells and Rowe. The minutes were read by the clerk and approved.

The matter of letting a contract for removal of garbage was then brought up. There was considerable discussion of the matter. On motion of Ald. Loneragan seconded by Alderman Rowe, the clerk was instructed to advertise for bids to remove the garbage for the year of 1923, the bids to be in December 11 at 7:30 o'clock.

Frank DeFrates, a resident of the Second ward, called the attention of the council to a practice of the Wabash railroad in blocking crossings in that ward. Mr. DeFrates referred specifically to North Diamond street and Caldwell street. Sometimes children were delayed over fifteen minutes on their way to school and some of them had crawled under the cars in order not to be late. Mr. DeFrates said. He thought something should be done before someone was killed.

The statement brought one from Ald. McGinnis, who said that the same condition existed in the First ward. Ald. Loneragan said that this matter had been before the council at various times for twenty years. Ald. Sorrells said that the Wabash sometimes blocked streets nearly to the city limits on the west. The matter was referred to Mayor Crabtree to take up with Trainmaster Carnes of Springfield to see if something could not be done.

Ald. McGinnis called attention to a number of crossings in the First ward that were covered with mud. He mentioned Dunlap and North East streets. Superintendent of Streets White said he could clean off the crossings mentioned but if they were cleaned down to the concrete it would make a bad bump for automobiles. This was referred to the highway committee. The council then adjourned.

FUND GROWS FOR NEW BAPTIST S. S. PLANT

Offering Sunday Makes \$4,000 Total

Annual thank offering for the benefit of the projected addition to the plant of First Baptist church, held Sunday, netted \$670 toward the fund, now grown to proportions of about \$4,000. The plan is to build on the lot north of the church a modern and thoroughly equipped Sunday school plant.

Most of the thank offering was contributed thru classes, a number of classes having earned money by candy sale, socials, etc., in addition to that contributed by individual members. The Amosa class, taught by Mrs. A. B. Williamson, gave the maximum contribution, \$120, and the class of young men with Alex Rahjans as teacher was second with \$50.

The work of raising a fund has been going on for several years under the leadership of W. G. Gard, chairman of the building fund committee.

RETAIL STORES VOTE ON HOLIDAY PROGRAM

Ninety Per Cent Vote on Seven Holidays—Drug Stores Only Favor Closing Part of Day.

The committee recently appointed to select a program of holidays for Jacksonville, met yesterday morning in the Chamber of Commerce rooms, to ascertain the results of the ballots sent out to Jacksonville merchants the early part of last week. It was found upon examining the ballots that 90 per cent of the retail stores in the city agreed on the following list of holidays for the year: Thanksgiving, Christmas, New Year's, Decoration Day, Fourth of July, Labor Day and Armistice day. It was also found that some stores, such as drug stores, confectioneries, hotels, cigar stores, etc., had voted to close only a part of the time on the above mentioned holidays.

Beginning with Thanksgiving this program of holidays will become effective and all banks, shoe stores, clothing establishments, dry goods, jewelry stores, furniture stores, five and ten cent stores, tailor shops and cleaning establishments, grocery stores, meat markets, auto accessories shops, millinery stores, lumber yards, electrical shops, plumbing shops, coal dealers, automobile dealers, shoe repair shops, harness shops, wall paper stores, tea and coffee shops, and ladies' and gents' furnishing stores in Jacksonville will remain closed the entire day.

The work of deciding on holidays for the year was turned over to the committee of the Chamber of Commerce and in the future any special holiday or closing must be brought to the attention of this committee before it can be acted upon.

HIGH SCHOOL TO GIVE CARNIVAL

Annual Carnival to be Big Event—Minstrel Show the Main Attraction.

The Thanksgiving carnival at the high school promises to be one of the most interesting events of the season and one of the best which the high school students have put on for a number of years. Each class of the school is to have a part in the carnival and the booths minstrel show, side shows and other stunts are to contain many novel features this year. Committees composed of the faculty advisor and several students from each class are in charge of the arrangements for the affair.

The minstrel show will be one of the main attractions of the evening and this feature of the program is in charge of the seniors. Something new has been planned for the minstrel show which takes it out of the stereotyped "end men, interlocutor, jokes and songs" class. The scene of the show is to be laid on the roof garden of a large hotel and the numbers on the program will be given for the entertainment of the hotel guests.

The colored waiters contribute their part of the singing and jokes, dances are to be given by the "chorus girls," and instrumental music with saxophone solos and numbers by the hotel orchestra will make up the varied

program which will be presented. There are to be thirty-two seniors in the chorus and twelve in the specialty acts of the show. Carl S. Richards is in charge of the coaching for the minstrel show and it will be of a real professional type.

Juniors' Side Show.
The seniors will also have a number of side shows in the carnival. A style show, will exhibit the latest Paris fashions with living models. A Japanese booth in charge of Miss Eleanor Stoldt, where tea will be served, Japanese music played, and an Oriental fortune teller will hold forth. It is to be another feature of the senior booths. There will be a Spanish booth with Spanish dancing in charge of Miss Martha Strang, and the booth where balls are thrown at dolls is to be in charge of Ernest Lair. The seniors will also sell home made candy and Picaninny Freeze. Miss Emma Mae Leonard is the class advisor for the seniors and the students committee in charge in charge of the seniors.

Alfred Cranwell as chairman, Lois Harney, Henry Irving Margaret Miller, and John Hackett, stage manager for the minstrel show.

Mock Wedding by Juniors.
The Juniors are to have something new under the sun in the way of a mock wedding, for their part of the program in the auditorium. Winter sport is to be wedded to Fall Sport, and Harold Hopper is to be the groom. Jack Benson, the bride and Lew Baldwin the preacher. The juniors are also to have a gala array of side shows and attractions for the crowd. Hula Hula dancers a fat man, a steam calliope, "knock down the nigger baby," the midgets and an airplane stunt are among the entertaining things which they have planned. They will sell popcorn at one of the booths. Miss Irene Merrill is the junior class advisor and the committee for the students includes Veda Sloan, chairman, Bob Reid, Wilma Ruyke, Helen Phelps, Margaret Curtis and Bill Kitzer.

Comedy by Sophomores.
The sophomores are to present a clever little one act comedy as their contribution to the program. "Social Difficulties," is the name of the farce and the cast is as follows: George Lillcraft—Junior Barr. Mrs. Lillcraft—Margaret Williamson. Mrs. Joslyn—Elizabeth Goodale. Margaret Joslyn—Eleanor Andre. Constance Winthrop—Faye Carroll.

The booths maintained by the sophomores will include where cider and doughnuts will be for sale and "A Fish Pond," where every one can pay his money and take a chance on fishing one some value. Miss Florence Madden is the sophomore class faculty advisor and the committee from the class includes Faye Carroll as chairman, John 861 man, Farrell Crabtree and Lester Wood.

Freshies Contribution.
The freshmen are planning a clever stunt, "The Snuggles Family," as their part of the program. There will be the thirteen children mother, father, uncles, aunts, cousins and everybody. There will be specialty numbers in the way of dancing, songs, an "anesthetic dance," a "Little Boy Blue," stunt and other entertaining features. The freshmen booths will be decorated in the class colors, green and white and pop corn and candy will be sold. One room is to be maintained by the freshmen as a rest room where mothers can "check their babies. Miss Hildreth Ashwood is the freshman faculty advisor, Clyde Fitch is the freshman class president and in charge of the carnival stunts for his class. He is assisted by Mardell Kilham, Elizabeth Wainwright, Dorothy Feldler, Helen Harney and Mary Smith.

There were seventeen nominations for president, thirteen for secretary-treasurer, and forty-seven for members of the executive committee. MEETING OF GREENE COUNTY BANKERS

Important Session of Greene County Bankers' Association Held Monday—Other White Hall News.

WHITE HALL, Nov. 27.—A meeting of the Greene County Bankers' association was held commencing at 1:30 o'clock today in Princess theatre that attracted a general attendance of bankers to consider banking affairs, and there was a public representation to hear an address in favor of the adoption of the new state constitution by State Senator William S. Gray. There has been so much opposing argument to the new constitution that the people became eager to hear the other side. The address some two months ago by Attorney Robinson of Jacksonville favored the document as a whole, but he pointed out defects that left some doubt as to the wisdom of "voting 'er straight." Senator Gray made a convincing argument, but the effect of his argument has not been sufficiently digested to indicate the results in stemming the popular tide against the document to be voted on December 12 next.

A. E. Barrow and James Egan, both veterans of the world war with meritorious service that undermined their health, have been admitted to the government hospital at Maywood for treatment. Barrow had previous treatment in St. Louis but was discharged temporarily as requiring additional treatment for hernia that he is now receiving. Egan departed Saturday night, and before leaving showed evidences of wounds, one of which almost shattered the knee of his left leg.

The annual fall inspection of the C. & A. was completed today, and the executive party returned to Chicago. The Godfrey and Eldred lines were gone over Thursday, the time being spent mainly where the extension is being built from Titus to opposite Hardin, Calhoun county. That night the party spent in Roodhouse, and on the way up a stop was made at Pegram's clay mine at Berdan, where a large tonnage is being gotten out for shipment to mainly St. Louis. The new business has attracted the C. & A. officials to such an extent that earnest consideration is being given the building of a switch direct to the mine, which is located one mile south of Berdan. The party included Receiver Bied, Chief Engineer Douglas, Superintendent Henderson, Supervisor Donahue, and lesser dignitaries.

H. C. Page & Co., of Springfield are getting out a large quantity of timber at Strout, Pike county, that is converted into mine props, railroad ties and the like. An increasing force of men is employed, according to H. E. Anthony of Jacksonville, who is in charge of the field work, and who was in White Hall Saturday evening between trains.

Lutheran Ladies Market and bazar, Haas Electrical Co., 217 E. State St., Wednesday, Nov. 29. Country dressed poultry, eggs, butter, cakes, pies, etc.; also aprons, fancy work of all kinds.

Decatur, Ill.—"At various times during my married life I have been greatly benefited by two of Dr. Pierce's medicines, Golden Medical Discovery and Favorite Prescription. Market Report

By The
Associated
Press

CONTINUED LACK OF
PUBLIC SUPPORT

NEW YORK, Nov. 27.—Continued
lack of public support induced fur-
ther bear selling in today's stock
market, several representative shares
touching new lows on the current
reach. Indications of heavy selling
by disappointed pools were apparent
during the day and there were re-
ports of forced liquidation thru out
of town banks particularly in Boston
and Philadelphia.

Prices moved with seeming disre-
gard of outside news developments,
which in the main were favorable.
Call money which opened at 4½, eased
off to four per cent and a slightly
easier tendency was noted in the
time money market. Demand sterling
got up to \$4.52 the highest price since
1919. Publication of additional Octo-
ber earnings statements resulted in a
more favorable general showing than
was expected when the first reports
came out.

Opening prices today were spotty,
short covering in several representa-
tive shares giving them the appear-
ance of strength. Independent steels
were among the first to give way and
then pressure was centered on
Studebaker and Baldwin, the former
getting down to \$1.14 but rallying
later to \$1.16 or \$1.17 below Saturday's
close and the latter sinking to \$1.13
and then moving up to \$1.15, where
it represented a net loss of 21 points.

United States Steel common drop-
ped within ½ of par closing at 100½
for a net loss of 11 points.

Bethlehem "B" broke below sixty
closing at a net loss of 1 point and
declines of 1 to nearly 2 points took
place in Crucible, Gulf States, Lacka-
wanna, Republic and Republic.

Standard Oil of New Jersey closed
slightly higher after touching 183, or
nearly 70 points below its high of the
year.

Rails were hard hit during the
early part of the reaction but most
of the Standard shares made good
recovery, a few closing fractionally
above Saturday's final figures. Ster-
ling's advance to a new high record
was the feature of the foreign ex-
change market.

Active United States government
bonds with the exception of the First
4½ which were slightly higher yield-
ed 2 to 10 cents on \$100. The Second
4s, ordinarily inactive, dropped 34
cents.

NAVAL CADETS TO BE ON THE CADET

Celebrated Defeat With Anti-Voi-
stead Beverages — Secretary
Denby Says Men Will Be Pub-
lished.

WASHINGTON, November 27.—Midshipmen from the Naval Academy who celebrated overin-
dulgently after the annual Army-
Navy football game Saturday
were held up to public scorn to-
day by Secretary Denby in one
of the most stinging rebukes ever
administered by a navy secretary.

Many members of the corps,
Mr. Denby declared in a public
statement, not only disgraced
themselves and the uniform by
their conduct at a ball which fol-
lowed the game in Philadelphia
but brought shame upon the acade-
my itself as it never had known
before. The secretary said he
did not know how many of the
midshipmen "drank heavily," and
was convinced the great majority
conducted themselves with im-
propriety. But he added that enough
of them had failed in their duty
"to bring shame upon all."

He announced that an investi-
gation would be begun at once,
and that steps would be taken to
insure that "such an occurrence
will never be repeated."

None of the guilty were named
in the secretary's indictment. It
was indicated that the inquiry
probably would take the direction
of a general effort to establish
what the conditions were that
made the incident possible and
that any disciplinary action prob-
ably would fall upon the entire
Annapolis establishment in such
away as to keep the corps here-
after within more stringent limi-
tations.

Both Secretary Denby and Sec-
retary Weeks of the war depart-
ment with many of the highest of-
ficers of the Army and Navy, at-
tended the game in Philadelphia.
Another spectator was Acting
Commissioner Jones of the prohi-
bition bureau. He declared he
had observed no violation of the
Volstead law.

Secretary Denby said in re-
sponse to inquiries that he would
not bring up at the cabinet meet-
ing tomorrow the question of the
relationship between the midship-
men's conduct and prohibition.
He drew a sharp line of demar-
cation and said that the investi-
gation to be conducted would be
based on a matter of military dis-
cipline entirely. When his atten-
tion was called to the statement

of the navy secretary, Secretary
Weeks declined to make any com-
ment.

The West Point cadet corps re-
turned directly to West Point in
special trains in accordance with
the practice of the war depart-
ment.

The West Point team and sub-
stitutes went to New York where

MINOR LEAGUES TO HOLD ANNUAL MEET

CHICAGO, Nov. 27.—The first
blast from the hot stove league
will echo through the country
from Louisville, Ky., a week from
tomorrow when National Associ-
ation of Minor Leagues will meet
in its annual three day conven-
tion.

President Hickey of the Amer-
ican association tonight issued a
call for the annual meeting of the
club owners to be held in Louis-
ville next Monday, a day before
the minor leaguers convene.

The question of opening the
1923 season a week later than the
1922 opening will come up for
decision, President Hickey said.
Some club owners favor starting
the season April 18, the date the
major leagues probably will open
and close about Oct. 7.

All stores of Jacksonville
will be closed all day Thank-
sgiving, Nov. 30th, except
drug stores, restaurants,
confectionery stores, hotels,
oyster houses and places of
amusements which will close
part of day.

merce Holiday Committee

MEETING IS

POSTPONED

Chamber of Commerce Membership
Meeting Will Be Held Later In
Week—Some of Speakers Unable
to Be Present.

The membership meeting of the
Chamber of Commerce which was to
have been held tonight has been post-
poned until later in the week owing
to the fact that the speakers sched-
uled to appear for the program will
be unable to come to Jacksonville to-
night.

It was planned to have Victor Or-
lander of Chicago come to debate the
negative side of the question of the
new state constitution and Henry
Sheriff, also of Chicago, was to re-
present the affirmative side of the
argument. Mr. Orlander represents
the labor element of the state and
Mr. Sheriff represents the constitu-
tion convention. Mayor Crabtree and
membership president, J. H. Dial have
been working on the program and
hope to secure these men, or two
other equally as good for a night
later in the week, probably Friday,
December 1st. The program as ar-
ranged, a debate on the new constitu-
tion, will be of great interest at this
time and the meeting scheduled for
the latter part of the week will un-
doubtedly be well attended.

AGED RESIDENT OF WHITE HALL DIES

Mrs. Caroline Meisenbach An-
swers Final Summons Monday
at Advanced Age—Funeral
Wednesday Afternoon.

White Hall, Nov. 27.—The
death of Mrs. Caroline Meisen-
bach, widow of the late Charles
Meisenbach, occurred at 2:15
o'clock this morning at her home
in North Main street, where she
suffered a general break-down
two weeks before her death, the
end not being unexpected. She
was a native of Germany, born
January 27th, 1835, and her age
was just two months under 88
years. When she was a child her
parents came to America in the
usual mode of ocean going of that
early time, landing at New Or-
leans. The company then migrated
to Illinois, locating at Hanover,
Moultrie county, for a time, and
thence going to St. Louis, where
she and Charles Meisenbach were
married in 1858. The couple soon
came to Pike county, Illinois, and
were located at Bedford and Bee-
creek until coming to White Hall
in 1895. Mr. Meisenbach died
October 27th, 1916. The maiden
name of the deceased was Lange.

Funeral services will be held
in the home at 2 o'clock Wednes-
day afternoon, and burial will be
in the White Hall cemetery.

The children are William H.,
Pearl, Miss Louisa, at home; Dr.
A. Edward and Julius C., both of
St. Louis. There are three chil-
dren dead. The grand children
number nine and great grand-
children seven.

VARSITY PLAYERS PAY TRIBUTE TO ZUPPKE

Captain Wilson Read Paper Sign-
ed by 34 Members of Illinois
Team—Men Promise to Return
Next Year.

CHAMPAIGN, Ill., Nov. 27.—
Bob Zuppke, Illinois' famous foot-
ball coach may be a driver, as all
good coaches are, but that does
not lessen the regard in which his
players hold him. There was a
striking instance of this tonight
at the annual dinner to the foot-
ball squad by the Champaign Ro-
tary Club when Captain David
Wilson read a tribute to Coach
Zuppke signed by every one of the
34 members of the varsity squad.
It was as follows:

"To Robert Zuppke:

"We, the members of the Uni-
versity of Illinois varsity football
squad of 1922, want to express to
you our appreciation of the ear-
nestness, sincerity of purpose and
skill with which you have coach-
ed us.

"Now that the season is ended
we can well understand the mag-
nitude of your task. Most of us
were without varsity experience.
We can well imagine that our
faults were such as to discourage
anybody except one fortified with
your own indomitable spirit.

"Whatever our faults, many
people were good enough to say
that we never quit. If this is the
truth, and we believe that it is,
we learned the spirit of never
quitting from you, our coach.

"You never coddled us, that is
true, but what football players
need soft treatment? You expect-
ed us to give every ounce of
energy that we possessed just as
you did. You played no favor-
ites and the humblest substitute
knew that if he could deliver the

goods he could win a job away
from the oldest man on the team.

"These of us whose football
days are ended will carry with us
an inspiration, the memory of your
unending labor, your devotion to
duty and your loyalty to Illinois.
Most of us will return next fall.
We pledge to you our best en-
deavors. We knew that you are
a real coach and that if we just
do our part as well as you do
yours, together we will bring back
the conference championship of
Illinois."
